

Lotus Refer A Friend Program

Did you have a great experience with Lotus?

If so, share your experience with a friend who you think might be interested in one of our studies and you could receive a \$100 referral fee.

Here's how the program works:

1. Have your friend make their **FIRST** call to us and tell us that he/she was referred to Lotus by you. You can also call us directly to inform us that you have referred someone.
2. If your friend qualifies for the study and receives study medication, you will receive a referral fee of \$100.

It's as simple as that!

Thank you: we appreciate your participation in our research activities.
